**FIMM**
Mechanical Engineering
& Mechatronics

BUILT BY STUDENTS. DRIVEN BY CURIOSITY.

# AUTONOMOUS INTELLIGENCE

From planetary rovers to self-driving vehicles.
**Engineering the next generation of autonomous systems.**

01 / EXPLORE

## ROBOTICS

Intelligent machines. Real-world challenges.

02 / NAVIGATE

## AUTONOMY

Perception, planning & intelligent control.

03 / CREATE

## RESEARCH

From bold ideas to working prototypes.

## BUILD WHAT MOVES TOMORROW.
